

Monument Restoration Project

The German-American Society of Central New York has adopted, as a major project, the restoration of the Goethe und Schiller Monument in Schiller Park, Syracuse, New York. Please support us as we join the City of Syracuse in refurbishing this historic city landmark.

We hope you will take this opportunity to help raise funds by the purchase of etched bricks which will be laid around the base of the monument as part of a new landscape design. The purchased bricks may be etched with your name, a tribute to a family member, or a message to those who visit the monument, all in honor of the German-American heritage of Syracuse.

About the Bricks

The bricks have a 3-line limit of 14 characters - including spaces and punctuation. If you have questions or you feel you need assistance with your layout or may have too many characters, include a note with your application and we will contact you to offer our assistance.

This walkway will honor those you love and pay tribute to all people of German-American heritage while helping to beautify a city landmark. We thank you for your gracious support.
